

## Internships

IPT has experience in organising internships for International students (curricular or extracurricular). We were awarded with an Erasmus University Extended Charter. Training agreements are prepared according to the objectives of the student's curriculum and guided by quality criteria specified by the partner institutions.

International Students who want to have a training placement at IPT within the Erasmus programme should visit:

<http://www.gri.ipt.pt/consorcio.erasmus/>

Students that wish to have an internship organized by IPT outside the boundaries of the Erasmus Program should contact the IRO Office.
