The city:

Tomar is a medium-size city located on the banks of the river Nabão, , with about 40,677 thousands inhabitants.

The streets and squares of the picturesque centre of Tomar are organised following a chessboard pattern. Scattered throughout the town there are many interesting houses with Renaissance, Baroque and Romantic façades. On a small Island in the middle of the river Nabão there is a park, the Mouchão gardens, that offers nice views of the city and its surroundings.

Tomar is also known as a Templar city. The Templar Castle / Convent of Christ was seat of the Order of the Temple until 1314, and of the order of the Christ from 1357. It is one of the most significant historical and artistic monuments in Portugal, and that's the reason it has been listed in 1983 in the UNESCO World heritage. Walking in this corridors you can almost feel the past and the way the Templars.
